Why attend?

This brand-new course has been introduced to meet growing demand for specialist training in the import processes that apply to importing products that contain POAO (products of animal origin) and plant health products. It explains the regulatory bodies involved, what they do and the rules behind them. It explains when health certificates or phytosanitary certificates are needed and the pre notification process on IPAFFS, and how to understand your obligations as an importer. It covers the changes to the rules and regulations under the phased approach scheme from Jan 2022 and the changes in July 2022 and what you need to know for your goods to be able to clear customs.

Who should attend?

These are major changes to the UK regulatory regime so this course is a must for anyone involved in the import into GB of products of animal origin, plant health products and animal by-products.

Presentations will be given by an expert in the import and export of these goods and cover:

- ◆ *The regulatory background*
- ◆ *How importing traders need to be ready*
- ◆ *Export Health Certificates*
- ◆ *Import of products of Animal Origin*
- ◆ *Import of Animal By-Products*
- ◆ *Import of Plant and Plant Products*
- ◆ *Pre-notification requirements in IPAFFS*
