

UK REACH Alternative Registration Model Consultation Online Clinic

An overview for members

Monday 24th June 2024

10:30am – 12:00pm

Free of Charge for Members

Charge of £40.00 for Non - Members

After months of discussions between industry, regulators and Trade Associations, the Secretary of State for the Environment announced in December 2021 that 'Defra has committed to exploring alternative arrangement for UK REACH transitional registrations in order to support chemical businesses whilst upholding the highest standards to safeguard public health and the environment.'

Since then, the Chemical Business Association has been an integral part of the lobbying and advocacy effort to push this to a conclusion as part of the Oversight Group and the Technical Working Group, which has been fundamental in the timeline extensions and the alternative registration model. DEFRA have now published the proposed alternative registration model and launched a consultation, which is now open and will close on the 11th July 2024. This consultation gives our members the opportunity to provide direct input into the decision-making process. We would like to encourage all interested members to consider completing the consultation.

This short Online Clinic is designed to explain:

- The proposed UK REACH alternative registration model
- Explain the detail of the consultation
- Discuss the Chemical Businesses Association's preferred options
- Discuss information requirements for consultation responses

This is the latest in our ongoing series of "Online Clinics" and "Best Practice Workshops", part of our initiative to increase the value of membership. Watch out for other such events going forward.

FOR NON MEMBER BOOKINGS PLEASE ADVISE EMAIL ADDRESS FOR INVOICE AND ANY PO REQUIRED WITHIN YOUR EMAIL WITH THE BOOKING FORM
